

Title in English
(14 pt, Times New Roman)

The name author (give mark (*) for the correspondence author)
(12 pt, Times New Roman, Bold)

Institution (name of department, faculty, university and address of university)

E-mail correspondence author

(12 pt, Times New Roman)

Abstract (13 pt, Times New Roman)

Write your abstract here in Times New Romans, 12pt as suggested in the LLT Journal article template. Abstract should be written in English which clearly states the objective(s)/research problem(s), method, and results. You should not put any references in this section. The abstract for LLT Journal should consist of 150-200 words.

Keywords: 3-5 keywords in English

I. Introduction (13 pt, Times New Roman, Bold)

The introduction consists of background, the purpose of the research, and research question. As well as discuss the previous research that has ever done in other places or in other time. The research question and/or hypothesis (if any) in the introduction should not write in the form of points or should not be numbered. (11 pt, Times New Roman)

II. Literature (13 pt, Times New Roman, Bold)

III. Research Methods (13 pt, Times New Roman, Bold)

Write the method in details so that other author could do the similar research with the written method in the article. (11 pt, Times New Roman)

IV. Results and Findings (13 pt, Times New Roman, Bold)

V. Statements and Declarations

(a) Funding: Please add: "This research received no external funding" or "This research was funded by name of funder, grant number XXX" and "The APC was funded by XXX".

(b) Conflicts of Interest: Declare conflicts of interest or state "The authors declare no conflict of interest."

(c) Acknowledgments: Acknowledgments of people, grants, funds, etc. can be mentioned. The names of funding organizations should be written in full.

VI. Conclusion (13 pt, Times New Roman, Bold)

Write the conclusion in one until two paragraphs without using the bullet points or number.

VII. References

APA style and be carefully checked for accuracy and consistency. Please ensure that every reference cited in the text is also present in the reference list and vice versa. In the review of submitted researches, researchers are assured that that the process is rigorous and fair. The review process may take a month or two. Notably, the review process shall be double-blind peer review process to ensure the partiality and integrity of it. Following are the editorial processes that shall be followed:
